

# Aspiring Administrator Scholarship

We are excited to share an opportunity that highlights our dedication to promoting diversity, and leadership excellence within LVUSD. This year, we will offer three scholarships to aspiring administrators within LVUSD who wish to pursue their Preliminary Administrative Services Credential (PASC) through the Center for Educational Excellence Graduate School of Education (CGSE).

We are seeking diverse candidates committed to fully supporting all students and families that LVUSD serves. Diversity is multifaceted, encompassing a wide range of experiences and backgrounds; therefore, candidates should exhibit a commitment to inclusivity and equity, both in their professional roles and through their actions and values.

Recognizing that financial challenges may negatively influence the decision to pursue educational leadership, we are proud to introduce the Aspiring Administrator Scholarship. We designed this scholarship opportunity to better reflect the diverse backgrounds of our student population, enriching the educational landscape with a multitude of perspectives and pedagogical approaches. We will be awarding three PASC scholarships, starting with the August 2025 cohort.
